Green Tea Extract

Botanical Edge

Green Tea draws its strength from naturally occurring catechins and EGCG, offering refined botanical antioxidant and calming support. It helps protect the skin from pollution and photo-stress while contributing to a smoother, clearer, and more balanced appearance.

Green Tea extract delivers antioxidant, anti-inflammatory, and sebum-regulating effects. It calms irritation, supports a healthier barrier, and provides gentle protection from daily environmental exposure.

PRODUCT DETAILS

Botanical name: ***Camellia sinensis***

Plant part used: **Leaves**

INCI name: ***Camellia Sinensis Leaf Extract***

Recommended dosage range: **0.3 – 1.2%**

Appearance: **Yellowish brown to brown powder**

Application

Anti-aging, purifying, and pollution-defense skincare.

Key Features
