# Rosemary Leaf Extract

## Botanical Edge

Rosemary extract, powered by phenolic diterpenes like carnosic acid and rosmarinic acid, fortifies the skin against oxidative damage and supports microcirculation. It helps tone, purify, and revitalize skin health and texture.

A potent antioxidant and antimicrobial extract that protects skin lipids, enhances clarity, and promotes firm appearance. Its natural bioactives support scalp and skin revitalization.

### PRODUCT DETAILS

Botanical name: ***Rosmarinus officinalis L***

Plant part used: **Leaf**

INCI name: **Rosmarinus Officinalis Leaf Extract**

Recommended dosage range: **0.2 – 0.5%**

Appearance: **Light yellow powder**

## Application

Purifying, antioxidant, and firming skincare.

## Key Features

- Strengthens oxidative defense
- Improves tone and circulation
- Purifies skin surface

## What It Brings to Your Formulation

- Acts as natural preservative booster
- Reinforces antioxidant protection
- Enhances formulation longevity and skin tone

## Benefits

- Detoxified, balanced complexion
- Firmer, clarified skin
- Long-lasting protection
