

Turmeric Extract

Botanical Edge

Turmeric extract offers a naturally rich reserve of curcuminoids that helps counter environmental dullness and visible inflammation. Its concentrated botanical actives support clearer tone, enhanced radiance, and a steadier, well-defended complexion.

Its naturally potent curcuminoids work to soothe and comfort the skin, supporting barrier strength and promoting resilience. The botanical's bio-actives help maintain a balanced, healthy surface while encouraging gentle repair and overall skin vitality.

PRODUCT DETAILS

Botanical name: **Curcuma longa**

Plant part used: **Rhizome**

INCI name: **Curcuma Longa Rhizome Extract**

Recommended dosage range: **0.3 – 0.6%**

Appearance: **Yellow to yellowish orange powder**
